Product Description:

Proguard Cotton Twill Dust Sheets are manufactured from 100% cotton twill material. They are highly popular with decorators for covering surfaces quickly to protect them from dust and paint spills. Proguard Dust Sheets are also used during DIY projects.

Proguard Dust Sheets are available in Medium and Heavy Duty. The Stair Runner Dust Sheet is the perfect size for protecting staircases. The polythene backed version is 100% waterproof to ensure no liquid leaks through to the surface below.

Benefits:

- 100% cotton twill dust sheets.
- 100% waterproof polythene backed option available.
- Ideal for Painters and Decorators.
- No fixing required.

Limitations:

- Non-fire retardant.
- This product may present a trip hazard if it rucks. Ensure that the dust sheet is pulled taught and laid flat on the floor.

Application:

Simply place the dust sheet over the surface to be protected. If the cotton twill dust sheet is being laid on the floor ensure that it is pulled taught to ensure a trip hazard is not created.
